Reserving Kits in KitKeeper

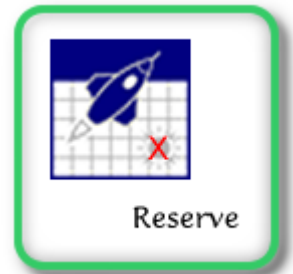

There are two ways to search for a kit in KitKeeper.

1. Searching by Title
2. Searching by Date

Note: Once your reservation is ready for pickup, the library will send you a hold pickup notification. The kit will stay on the hold shelf for five days after you receive the notification for your convenience.

Searching by Title:

1. From the dropdown menu next to the Reserve icon on the KitKeeper homepage, choose the title you would like to reserve.
2. Click **Go**.
3. You will see a month-by-month calendar. If the kit is available to be reserved on a specific date, the box will be white with the word **Reserve** in blue letters. If the kit is not available on a specific date, the box will be gray. Once you select an available date, click **Reserve**. You will be prompted to enter your library card number and then complete the reservation process.
